<i>Scripture</i>	By the end of the foundation year, students know some stories about Jesus from the Bible.	By the end of Level 2, students know that for Christians, the Bible is a sacred book that contains many stories about God: Father, Son and Holy Spirit. They articulate that the Bible consists of two main sections, the Old and New Testaments. They know some books, authors and settings in the Bible.	By the end of Level 4, students know that the Bible is an important collection of books written by different people over hundreds of years that witnesses to God's saving relationship with the world. They recognise that Scripture contains messages and teachings for people, past and present.	By the end of Level 6, students know some Scripture texts that are central to Jewish and Christian faith and life. They know that the four Gospels provide an inspired witness to the person and life of Jesus. They explain some of the similarities and differences between the four Gospels and reasons for these. Students can locate books and passages in the Old and New Testaments. They recognise different genres in Scripture.	By the end of Level 8, students know that Catholics believe that the Bible is a collection of sacred books, inspired by the Holy Spirit and written in a variety of literary forms. They recognise that an authentic interpretation of Scripture requires an understanding of its cultural, historical and geographical settings. Students identify that the Bible reveals God's covenantal love through both the Old and New Testaments. They recognise ways in which Scripture informs Christian Tradition and its lived expression.	By the end of Level 10, students explain how Scriptural context influences the study, understanding and lived expression of Scripture. They identify key stories where Old Testament prophets call people back to the covenantal relationship with God. Students provide examples of ways believers can be nourished by Scripture and called to make a positive impact in the world.	By the end of Level 12, students analyse, interpret and respond to a range of Scripture passages in light of contemporary biblical scholarship. They explain how believers can be nourished by Scripture and called to make a positive impact in the world.
